Montgomery County Sheriff's Office TO INCREASE ACCESS TO SAFE MEDICATION DISPOSAL WITH DRUG COLLECTION UNIT DONATED BY CVS HEALTH

Joint effort by CVS Health and Partnership for Drug-Free Kids aims to combat drug abuse, encourage safe drug disposal in local communities

On Friday, March 17, 2017, the Montgomery County Sheriff's Office unveiled their new drug collection unit they received as part of CVS Health's Medication Disposal for Safer Communities Grant Program. The new unit will be located at Administrative Office of the Sheriff, at 100 South Lawrence (2nd floor lobby) and will provide residents with a safe and environmentally responsible way to dispose of unwanted, unused or expired medication, including controlled substances.

"CVS Health is dedicated to helping the communities we serve address and prevent prescription drug abuse," said Tom Davis, R.Ph. Vice President of Pharmacy Professional Services at CVS Health. "Reducing the amount of unused and unwanted medication in the home is critical to preventing prescription drug abuse. We are proud to work with the Partnership for Drug-Free Kids and local leaders to increase convenient access to safe medication disposal."

The new drug disposal unit will help to reduce the amount of unneeded medicine in residents' homes and decrease the potential for prescription drug abuse, which has soared in recent years, especially among teenagers. More than 70 percent of teenagers say it is easy to get prescription drugs from their parents' medicine cabinets, according to a Partnership for Drug-Free Kids study. Proper drug disposal also helps to prevent the contamination of local landfills and water supplies from unused medication.

Over the last few years, the Montgomery County Sheriff's Office has participated with the Drug Enforcement Agency (DEA) and their Drug Take Program. We have collected hundreds of pounds of unused or expired medication. "Sheriff Derrick Cunningham and the staff of the Montgomery County Sheriff's Office are proud to partner with CVS and would like to thank them for providing this grant opportunity. This Drug Collection Unit will help us offer the citizens of Montgomery a safe, convenient, and responsible means of disposing of prescription drugs, while also educating them about the potential for abuse and misuse of medication". The Medication Disposal for Safer Communities program has donated more than 600 drug collection units to law enforcement agencies across the country, which have collected more than 47 metric tons or 100,000 pounds, of unwanted medication. CVS Health also assists law enforcement by supporting local drug take back events and promoting local drug disposal collection sites.
